Dear Sir/Madam,

Sub: Approval for Composite Cylinders for OXYGEN and Breathing Air

Ref: Pursuant to Reg. 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015,

We are pleased to inform that we are the first and only Company in India to receive approval from Petroleum and Explosives Safety Organization (PESO) for manufacturing of Composite Cylinders for Oxygen and Breathing Air.

These Cylinders are used by fire fighters, mountain climbers, portable home oxygen bottles, mobile ambulance & Hospitals, Defence sector and for under water activities. This product is an import substitute and further has various additional advantages over the present metal cylinder i.e. lighter in weight, long shelf life, no rusting and corrosion, zero leakage, easy handling and useability. These cylinders have an additional feature of carrying double the quantity of gas in the same capacity of cylinder.

This composite cylinder is developed by the Company towards commitment for “Made in India, Made for the World” and “Atmanirbhar Bharat”. This product has huge opportunity in India and overseas market, considering the various advantages / features as mentioned above.

You are requested to take note of the same.

Thanking you,

Yours faithfully,

For **TIME TECHNOPLAST LIMITED**
